how far would you go to save the ones you love to save her people she will have to risk herself and that will change her forever ashlyn stilson trained herself to never give up but nothing prepared her for arriving in aragon and finding no one the streets are covered in snow the houses empty and silent time is running out and what she desperately needs is somewhere in this land accompanied only by echo her biological ai ashlyn must survive brutal snowstorms and unforgiving deserts evade patrols of an empire hunting outsiders and decide whether she can trust the few people she meets along the way but the greatest threat isn't out there it's what happens when the heart demands one path but the mission requires another

this is a personal notebook from a conceptual travel but in a different sense it also represents a report on travelling the main part of the manuscript was written in brazil denmark and england whilst notes have also been inspired by visits to other countries so the book not only represents conceptual travel it also reflects seasons of real travelling in part 1 the book comments on the critical position of mathematics education and also indicates some concerns of critical mathematics education part 2 comments on mathematics in action and considers the discussion of mathematics as an applied discipline in the contexts of technology management engineering economics etc in part 3 the book comments on mathematics and science in general these comments are then generalised into a discussion of reason and of the apparatus of reason finally part 4 returns to the discussion of mathematics education and comments on notions that could become sensitive to the critical position of mathematics education ole skovsmose is also travelling between different academic fields he touches upon mathematics and mathematics education the philosophy of mathematics technology and science as well as sociological issues glancing over issues such as globalisation ghettoising learning society and risk society travelling with the author the reader will become aware of connections between many of these different issues

reprint of the original first published in 1876
